## **COVID-19**

This year has been a hardship for many families, businesses, cities, counties, and our country. The Charlotte Hans Foundation is determined to provide this year's recipients with the same support we have given to so many others over the past 10 years.

Although a tournament may not be possible, your support for these families ensures that we are able to continue to help them financially. This also ensures the furtherance of The Charlotte Hans Foundations determination of always helping our fellow PBSO employees or immediate family members in their time of need.

# HISTORY

The Charlotte Hans Softball Challenge originated in 2009 to benefit the wife of Sgt. Michael Hans, who was battling breast cancer which metastasized into brain cancer. Charlotte was a loving mother of four and a devoted and proud wife of a deputy sheriff. The event was a success and we were able to help the family in their time of need. Sadly, Charlotte lost her courageous battle the following year.

In memory and honor of Charlotte, *The Charlotte Hans Softball Challenge* has become an annual event benefitting a PBSO employee or immediate family member who are going through or have recently gone through a life altering illness or a victim of a catastrophic injury. The softball challenge is comprised of teams of PBSO employees. The event is family orientated offering bounce houses, music, food and raffles for everyone to enjoy.
